Présentation

This magnificent, top-of-the-line villa enjoys a highly private, residential, and green setting in Grand-Lancy, offering absolute tranquility while being in immediate proximity to all amenities (schools, public transport, and shops).

Situated on a beautiful plot of approximately 460 m², the property features a stunning, fully landscaped and fenced garden, accessible via an automatic gate, and a large terrace of over 100 m². Additionally, the villa includes a garden shed of about 10 m², connected to the home's smart automation system, and adjoining the neighboring property.

Built in 2016, this fully automated, Minergie-certified villa is in impeccable condition and boasts luxurious finishes. With approximately 350 m² of usable space spread over three levels, it stands out for its abundant natural light, exceptional comfort, and refined finishes in the semi-underground basement, which creates an indispensable living space perfectly integrated with the other floors.

This turnkey property can be sold fully furnished, including all lighting fixtures.
